Technical Bulletin IMA

Shovel Spade Reset

INCORRECT POSITION

Shovel spade is under the lip of the water tray.

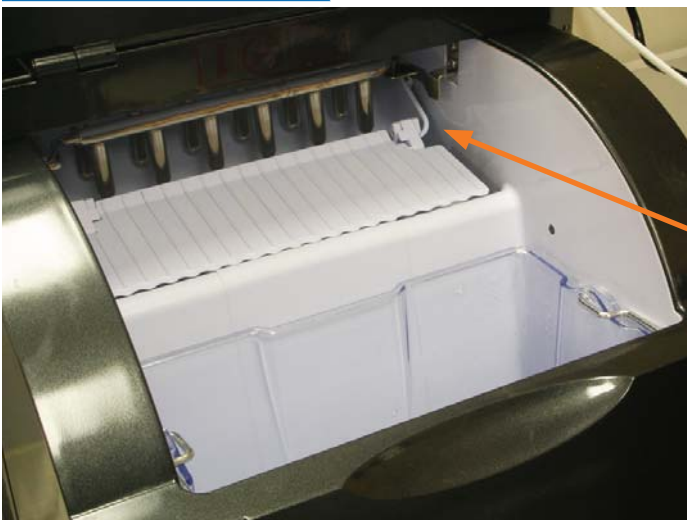

STEP 1

Carefully press upward in the center of the shovel spade to remove it from the water tray.

STEP 2

CORRECT POSITION

Carefully bend spade to insert it into the water tray to obtain the correct position.

Shovel spade should be positioned above the water tray as shown.

NOTE:

IMA will not function if shovel spade is in the incorrect position.
